EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Philip Lyon on August 3, 2010.

Claims 7 and 10 have been cancelled.

Claim 1, last line, after "assembly" ---and wherein two of said plurality of hangers are provided on opposite sides of the electronic device and biasably expand from chambers formed in the opposite sides--- has been inserted.

Claim 11 has been amended to read

An apparatus for mounting an electronic device to a rack system,
comprising:

- a frame assembly;

- at least two rails mounted on opposite sides of the frame assembly; and

- a plurality of hangers provided on opposite sides of the electronic device, said plurality of hangers retracting into the opposite sides so the electronic device can fit into said frame assembly between said at least two rails and then said plurality of hangers expanding from the opposite sides to engage said at least two rails and to support the electronic device on said at least two rails in the

frame assembly and wherein at least one of said plurality of hangers comprises a ramp portion and wherein the ramp portion engages said frame assembly to automatically retract the at least one hanger.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach nor does any combination thereof fairly suggest an apparatus for mounting an electronic device and an electronic device wherein hangers biasably expand from opposite sides of the electronic device and wherein the hangers have a ramp portion and wherein the ramp portion engages the frame portion to automatically retract the hanger.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sarah Purol whose telephone number is 571-272-6834. The examiner can normally be reached on Monday -Thursday during normal business hours.
